

The Greater Kansas City Two-Cylinder Club was organized in January 1990 and was incorporated in the State of Missouri on May 17, 1994. The purpose of the club is to promote the interest and education of the public in the preservation and restoration of antique tractors, particularly the JOHN DEERE two-cylinder models, their accessories, lore, literature, toys, and memorabilia. Some of the Club functions include parades, tractor displays and shows. The Club manages a tractor cruise and a tractor show at the National Agriculture Center and Hall Of Fame in Bonner Springs, Kansas. The Club also has fun-field days and we participate in the American Royal Parade and Western Farm Show each year. We have several meetings through out the year to exchange ideas and information. We have a fundraising auction in the fall and produce a newsletter six times during each year.
